

PAPER TUBES
PAPER CORES
ANGLE BOARDS
EDGE PROTECTORS

About Us

Incepted in the year of 1988, Sundeep Bobbins Company is a certified organization and is a reputed name in the industry engaged in the manufacturing, exporting and supplying of a wide gamut of paper tubes, paper cores, angle boards and edge protectors.

Our robust infrastructure and a committed workforce form are our biggest strengths. The contribution of these two factors in the growth and success of the organization cannot be neglected.

Products

SPIRAL PAPER TUBE

Sundeep Bobbins gives you access to the finest range of paper spiral paper tubes including DTY, POY, FDY, Lycra Paper Tubes, and Non-woven Paper Tubes. Our spiral paper tubes are made using the finest grade of paper and the latest in technology.

DRAWN TWISTED YARN (DTY)

We manufacture a wide array of sturdy drawn twisted yarn paper tubes that are offered in different lengths, diameter and thickness.

Specifications:

- Min ID : 57 MM
- Max ID : 69 MM
- Compressive Strength : Above 250 KGF
- Straightness : 100%

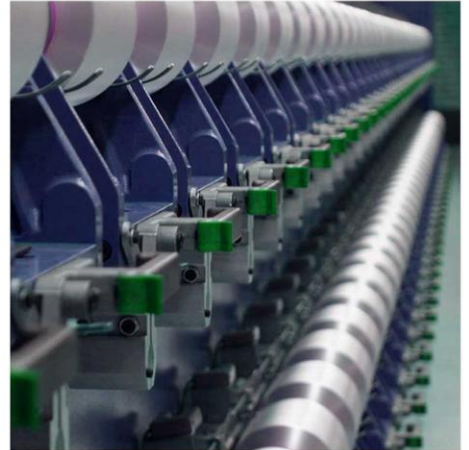

FULLY DRAWN YARN TUBES (FDY)

Fully Drawn Yarn (FDY) is characterized by large paper tube packages and heat set yarn. We fabricate an assortment of full drawn yarn paper tubes that are manufactured using high quality raw material.

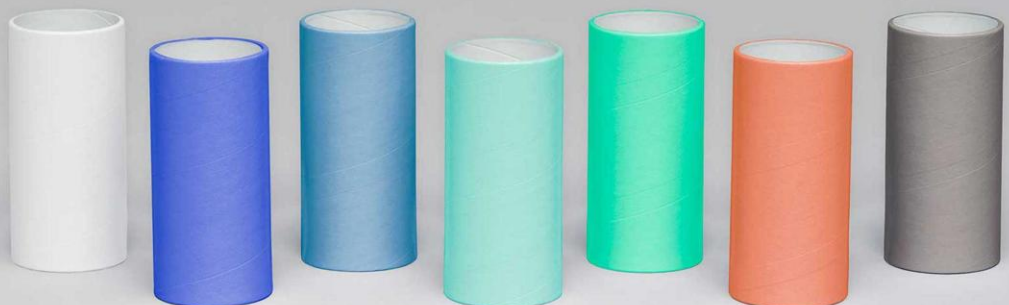

FDY Tube features:

- Dimensional stability of automated winder.
- Auto doffing efficiency over 90%.
- Smooth surface and round edges for complete unwinding of yarns.
- Special top layer papers and adhesive to prevent tube bursting at start up.
- Excellent horizontal strength to sustain yarn tension and packaging weight.
- Excellent vertical strength to eliminate damage during transportation and auto handling.

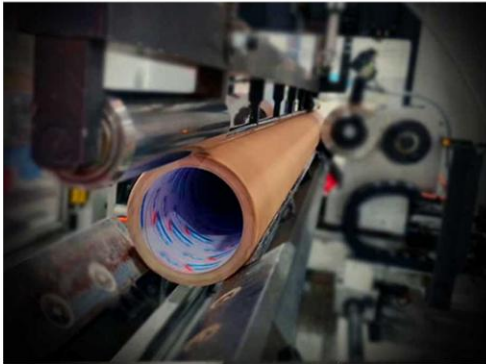

POLYESTER ORIENTED YARN (POY)

Available with us is an exclusive range of polyester oriented yarn paper tubes that are wide in demand with our clients across the country for their outstanding quality, finish and durability. Competitively priced, these POY paper tubes can be customized as per specific needs of the clients.

PAPER CORE

Our clients can avail from us an extensive assortment of paper cores that are manufactured using high quality paper. Paper cores are primarily bigger forms of paper tubes and are offered in a variety of straight paper cores.

Significant features:

- Dimensional stability
- Smooth and homogeneous surface.
- Standard moisture level and low tolerance for shrinkage.
- Straightness throughout the length.
- Effective and protective packaging method of the core for damage free.

ANGLE BOARD

We are a leading manufacturer of high-quality paper angle boards for clients with diverse needs. Our paper angle board is manufactured using multilayered Kraft paper. The Kraft paper is glued together and formed into a right angle.

Characteristics:

- Recyclable
- Easy to handle
- Low tare weight
- Easy to assemble
- Affordable compared to wood
- Takes less storage space

EDGE PROTECTOR

Sundeepp Bobbins caters all your product protection, transit, and warehousing needs with premium quality Paper Edge Protectors. We serve industries such as furniture, textiles, sheet metal, building materials, chemicals, doors, bearings, brewery, paper and newsprint, marine products, domestic appliances, and fruit exports.

Variants of Paper Edge Protectors:

- Side protectors
- Wrap around edge protectors
- End protectors
- Angle protectors
- ID protector
- Vertical protectors
- OD protectors
- U-profile protectors
